

# Dorion Volunteer Fire Department Township of Dorion

The Dorion Volunteer Fire Department and the Township of Dorion want to inform the citizens of Dorion on the status of the Fire Department and response capability:

**There are currently four (4) active members on the department, it is only with the joint response of the Hurkett Volunteer Fire Department, that we maintain a response capability.**

At this time, the Department's level of response is exterior attack, auto-extrication and wildfire. There is no guarantee of response to any call.

There is policy in place to support responses from neighboring departments if no response is confirmed from the Dorion Volunteer Fire Department.

**Additional Volunteers, that can be trained, are needed if Dorion Volunteer Fire Department is to maintain the ability to safely respond to any emergencies.**

**To Note:** The Department and Council understand that individuals may only want to be involved in certain aspects of response. **We encourage anyone who can support in any aspect of the fire service to contact us, we can discuss potential avenues or levels of support.**

All required training will be supplied through various means funded by the Fire Department.

**Reasons to become a Volunteer Firefighter for the Dorion Volunteer Fire Department are:**

- You are interested in Public Safety
