

## **ATTENTION - Dorion Residents and Landowners**

The **2020 Draft Official Plan** is available for viewing along with the **Background Report** and **Draft Maps**.

The 2020 Draft Official Plan updates the current existing Official Plan with the following:

- New Planning Legislation and Policies
- Council and Public Input from a Special Meeting of Council
- Findings from Background Study
- Provincial Core Team Meeting (all Provincial Ministries)
- Initial Staff Review
- Initial Public Input

**Your input is important!** This is Dorion's "blueprint" for land use over the next 25 years.

A formal Public Meeting will be scheduled and advertised once the Province, Council, and Community has reviewed this first draft.

The Province requires 3 to 6 months for its review, so watch for the notice in late Spring or early Summer 2021.
